

Please join us in the effort to stand up for what is right for all Americans, Democrat and Republican. It is my opinion, and the opinion of many others that Sinclair Broadcasting Group is not acting in the best interest of the American people, by airing the anti-Kerry movie on all of their stations. As we all know, choosing a president is an awesome responsibility. Just as CBS was held accountable for the lies against President Bush, Sinclair Broadcasting Group should be held accountable as well for the lies they are about to spread to the world about Senator Kerry. I am only asking, as an American, as a woman, as a daughter and as a mother, to please stand up for what is right. If we don't stand up now, it is only going to get worse. Worse for us and most definitely worse for our children. Let put an end to the smear campaigns and share difference of opinions in a mature manner. After all, isn't that what we teach our children? Don't call names...work things out together. Can we honestly expect them to listen to us if we are not setting the example for them right before their eyes? God Bless You All and God Bless Our Beautiful America!!!

Thank you for your time,

Michelle Mullis
